

EDUCATION**W. P. Carey School of Business, Arizona State University, Tempe, AZ**

Finance, Bachelor of Science | Certificate in Business Data Analytics

- Award: New American University scholarship, Dean's list fall, Boeing Finance Scholarship
- GPA: 4.00

PROFESSIONAL EXPERIENCE**Commercial Finance Intern, Johnson & Johnson, Irvine, CA****June 2025 – Aug 2025**

- Built and deployed an analytics tool integrating OEM and reprocessed sales data at the customer and SKU levels, delivering pricing insights that accelerated OEM growth initiatives
- Created a comprehensive OEM vs. reprocessed product reference guide and performed product-line analyses, presenting recommendations to senior leadership that optimized product mix and pricing strategy
- Produced weekly dashboards tracking New Product Introductions (NPIs) and sales trends for Biosense Webster and Sterilmed Ultrasound, enabling sales team alignment and strengthening OEM market positioning

Internal Audit SOX Compliance, Align Technology, Tempe, AZ**Aug 2024 – Dec 2024**

- Assessed internal controls across the Record to Report cycle to ensure compliance with SOX standards, strengthening reliability of consolidated financial reporting
- Utilized Audit Board to manage risk, action, and issue trackers (RAID log), improving governance, transparency, and timely resolution of control deficiencies
- Partnered with cross-functional stakeholders to clearly communicate audit requirements and timelines, driving on-time audit completion and reinforcing a culture of compliance and organizational accountability

Corporate FP&A Intern, Align Technology, Tempe, AZ**May 2024 – Aug 2024**

- Built Excel models to quantify the impact of discounts, commissions, and media spend on Clear Aligner sales, producing variance analyses that informed resource allocation and ROI decisions.
- Leveraged SAP and Power Pivot to integrate and analyze large financial datasets, identifying key performance drivers that shaped FP&A planning assumptions
- Applied correlation techniques to evaluate financial drivers, supporting long-term forecasting, standalone cost scenarios, and investment prioritization

Accounts & Financial Services Assistant, ASU, Tempe, AZ**Sep 2023 – Present**

- Optimized financial operations using Salesforce and PeopleSoft, achieving an 85% reduction in returned mail, minimizing account discrepancies, and ensuring compliance with federal regulations
- Delivered excellent customer service by communicating with diverse audiences regarding credits, debits, account holds, payment arrangements, and refunds, earning recognition for service quality
- Designated trainer for new staff, providing policy and system training, reinforcing accuracy in communications, and supporting process efficiency across the office

LEADERSHIP EXPERIENCE**Software Developer Association Treasurer, Fulton School of Engineering, Tempe, AZ****May 2024 – Jan 2025**

- Managed budgeting, procurement cards (P-cards), and financial accounts to ensure transparent and strategic fund allocation across all initiatives
- Directed the financial planning and oversight of a \$27,000 budget for the October 2024 Hackathon, aligning expenditures with program objectives and ensuring fiscal accountability
- Optimized resource allocation through detailed financial tracking, strengthening both compliance and long-term sustainability of organizational funds
